BETA

Real-Time Container Tracking

- Receive **voyage summaries of your shipments** [↗](#)
- **Tracking** [↗](#) with Container, MBL, or Booking number via Excel upload or API integration.
- Reach the real-time location of your containers during their voyages.
- Get **Alerts and Notifications** [↗](#) for delays and updates.
- Track and manage your shipments on an all-in-one and user-friendly dashboard.
- Subscribe to automated reports based on statuses.

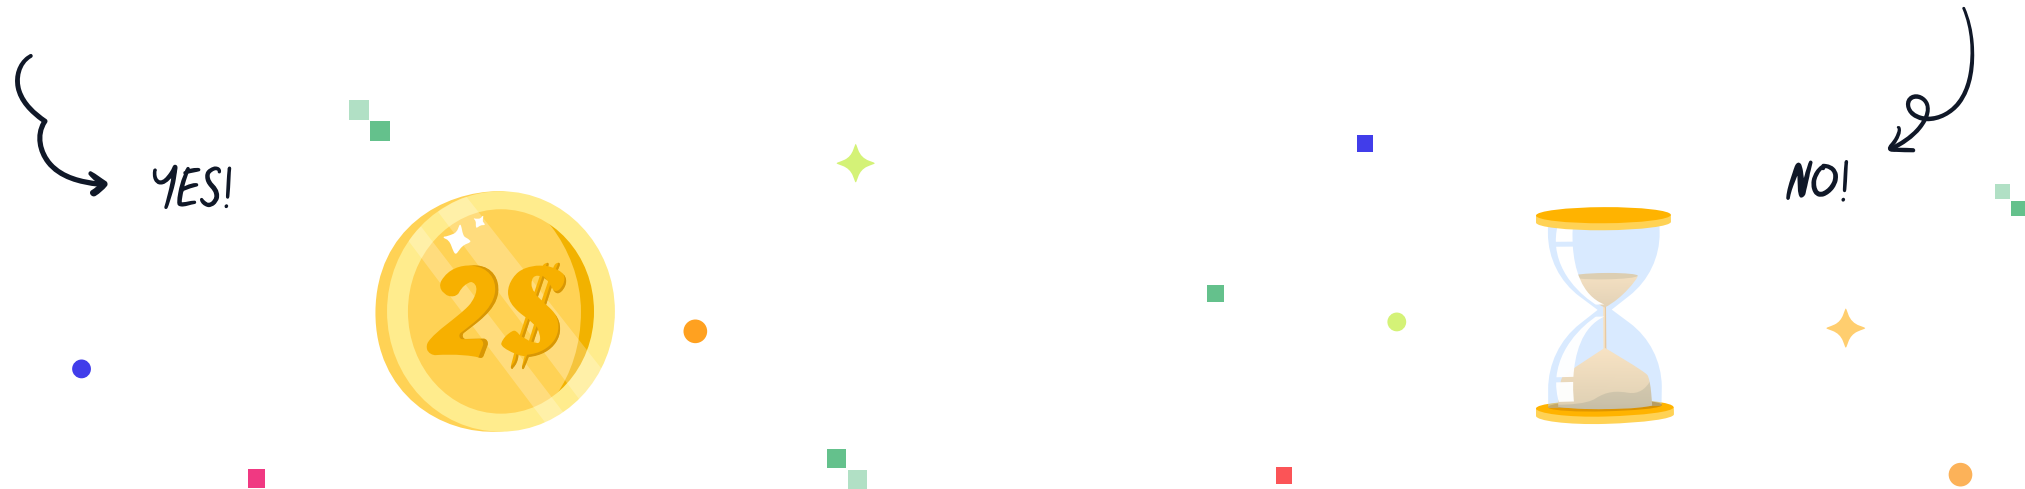

Happy Point

- You can integrate our **Live Map** to your website as a white label product.
- We can send notification emails with **your company logo** and **domain to your clients**.

Tracking Pricing

- Pay-as-you-go **pricing**  with credits
- No extra cost for API calls or live map integration.
- A single credit includes all features & unlimited notifications for each shipment.
- No expiration dates for the credits.

Happy Point

- We welcome new registrants with **welcome coupons**. Plus we also gift **Bonus Credits** for medium and high volume purchases, which significantly reduce cost per credit.

Shipping Service Finder

- Organize your next shipments by finding the best shipping service provider for you or contacting popular freight forwarders that provide service for your routes.
- Discover the shortest transit time for your route and transshipment details based on actual data.
- Service Finder works with a **subscription model** [🔗](#). Registration is required for Service Finder, including ShipsGo Tracking users who have a tracking account.
- Once you have tried Service Finder, you can continue with **monthly or annual Personal, Team, Business, and Enterprise** subscriptions [🔗](#).

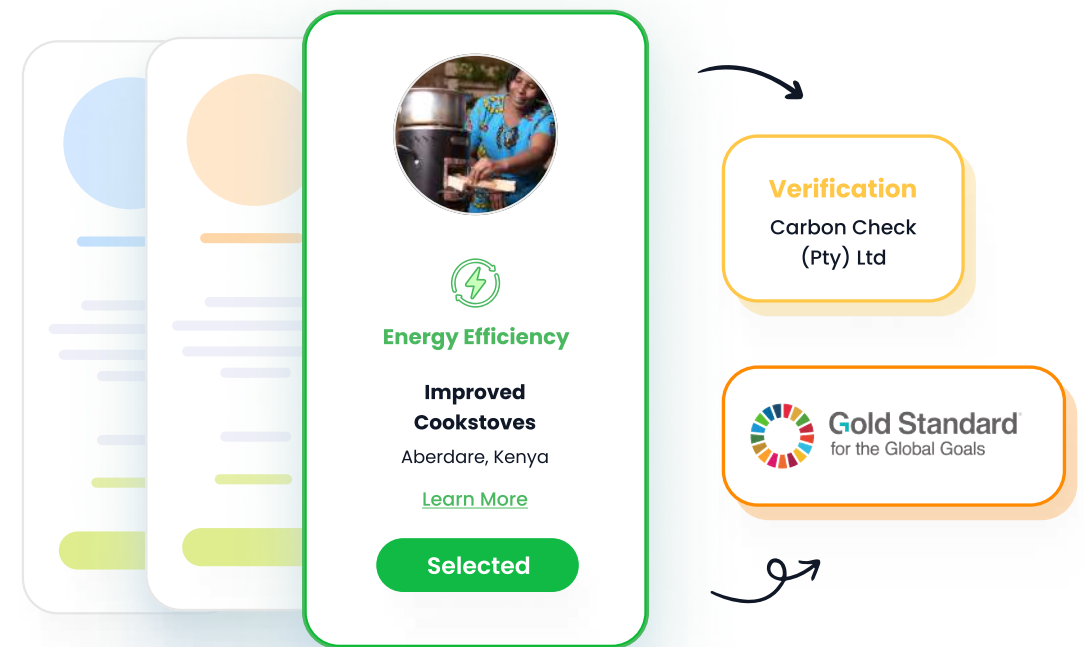

Happy Point

- ShipsGo clients appear on the **Popular Freight Forwarder lists** for free.

Carbon Offset

- ShipsGo offers you a great opportunity to make a real environmental contribution with the **Carbon Offset Service** [🔗](#).
- You can fund validated **offset projects** [🔗](#) through your ShipsGo dashboard.
- Whether for your company or on behalf of your customers, you can easily offset your shipping emissions.

Happy Point

- All Carbon Offset Projects are validated by “**Verified Carbon Standard**” and “**Gold Standard.**”
